

### **1.1.1 The Institution ensures effective curriculum delivery through a well planned and document Process**

DR. R. K. Shanmugam College of Arts and Science takes effective and systematic curriculum delivery as its foremost priority. The College has established a long tradition of work culture and record maintenance system that ensures the implementation of teaching learning mechanisms, academic activities, extra-curricular activities and examination methods. Even though most of the class hours and exams were conducted online during the 2020-2021 academic year, the College functioned with a very stable student-teacher ratio and one-to-one communication with every student. Disciplined class timings, professional methods for virtual classes, established time table and standard academic calendar were strictly followed in this academic year for effective curriculum delivery.

The College follows CBCS pattern for all the UG, PG, M.Phil., and Ph.D. courses, as per the

syllabus of the Thiruvalluvar University. The College offers a unique Bridge Course to its

year UG students, with an aim to orienting them to the higher education system, which

helps students Who are all from rural background and without much exposure. The College

also offers Value-Added certificate courses in various fields of interest. Students are also

motivated to benefit from the various programs of the National Skill Development Scheme

implemented by the Government of India.

**DR. R.K.Shanmugam College of Arts and Science**

**Academic 2020-2021**

**Odd Semester**
