ENTREPRENEURSHIP DEVELOPMENT CELL **ANNUAL REPORT FOR 2022**

Entrepreneurship Development Cell of DR.R.K. Shanmugam College of Arts and Science, have conducted various programs on the academic year of 2022- 23. Under the able administration of our management and suggestions from our Principal and Vice – Principal, the EDC of our college have crossed many milestones in this academic year.

Entrepreneurs play a pivotal role in the growth of the economy. They spur industry innovations, create new market opportunities, and support the development of communities.

Today, many visionary students aspire to run their own business, mainly because they seek autonomy and financial security. Indeed, some of these young adults will inherit a family business, hoping to fortify and extend the legacy. By contrast, others will launch a startup to meet an emerging need in the community. These individuals will benefit from entrepreneurship courses that show them how to innovate, lead, collaborate, and persevere. In order to encourage those students, EDC was formed in our college under the directions of our management.
