### **About the College**

DR.R.K.Shanmugam College of Arts and Science was established in 1997 by DR.R.K.Shanmugam Educational Trust, with the initiation of the great ideological and service minded Doctors, Engineers and Industrialists. Though the Vision of the trust is to give culture oriented higher education to the needy section of the Kalvarayan Hills, Our institution extends its services beyond it and even to abroad. Our crest is sacred combination of the Sun God, the ascending Garuda, the Book of Wisdom and Blossoming Lotus Flower. Our College was incepted with the combination of educating the rural and tribal based and economically backward who were only dreaming of higher education. The College offers 12 UG, 8PG, and 1 Ph.D. Programme.

The College is Situated at Kallakuruchi NH79 (Salem-Chennai National Highway). The Distance of the College is 7 KM from Kallakuruchi and 8Km from Chinnasalem (Nearest Railway Station is Chinnasalem).

### **About the Department**

The Department of Computer Science was established in 1997 with the B.Sc. (Computer Science) programme, followed by M.Sc. (Computer Science) in 2000 and M.Sc. Information Technology in 2001. In line with emerging technologies, Artificial Intelligence has been introduced during this Academic Year 2025-2026.

The Department is equipped with modern computer laboratories featuring over 100 systems with 200 Mbps high-speed internet connectivity. A team of 10 dedicated

faculty members actively involved in research and publications. The department emphasizes both theoretical knowledge and practical skills as per TANSCHÉ guidelines.

The department has produced 25 University Rank Holders and 4 Gold Medallist. The Successful alumni of our department have been placed in leading IT companies such as Infosys, TCS, Zoho, and Cognizant in India and abroad.

### **About the Conference**

The One-Day National Level Conference on Artificial Intelligence for Problem Solving across All Disciplines is an interdisciplinary academic event that brings together researchers, academicians, professionals, and students from diverse fields. The conference focuses on exploring the role of AI as a powerful tool for addressing complex problems across science, engineering, humanities, social science, healthcare, education, and management. It provides a platform for sharing research findings, innovative ideas, and practical applications of AI, while also discussing ethical and societal implications. The conference aims to promote interdisciplinary collaboration, enhance research capabilities, and contribute to the advancement of knowledge and innovation at the national level.
